Answer the first three questions before moving on to your action items. There should be at least one item per the first three questions with a minimum of four items total, so at least one question will have more than one answer. In addition to an answer, list which team member contributed that answer. Once complete, move on to your action items, which you should write as a team. Come up with at least two action items.

What went well?

- Voting on a final project idea - Syniah

What could have gone better?

- Brainstorming more final project ideas. We only had two or three ideas. - Syniah

What did we learn?

- We had a solid idea for the project and could set a plan to complete the project. - Syniah

What are our action items?

- Create personas, user stories, and story boards
- Create a feature list
- Make a UI mockup
- Complete a ERD
